RE: 2017 Annual Pledge Program

“Transformed by Christ ... to live and serve.”

Dear Parish Member,

Transformation is a word we've heard a lot about this past year. It describes most effectively things that are changing, evolving or becoming. It is a process of growth. We experienced that this past year not only with the *Icons in Transformation* exhibit, but even more so with the life of our parish. A spirit of excitement and growth is experienced in every aspect of our faith development and ministries! Beginning with baptism and throughout our life's journey we are being transformed by Christ to become his presence in the world. We are being transformed daily into a vital Christian community of love and support for which we are most blessed and grateful.

The Vestry and I welcome this opportunity to invite you to commit to this continuing process of transformation as we gratefully respond with an intentional financial pledge to support the ministries of Trinity Episcopal Church for 2017. We invite you to join us for the ***Kick-off Dinner*** hosted by Vestry, and to attend the ***Ministry Fair*** with each Sunday of October, as well as the ***Blessing of Our Pledges*** at all weekend Services, November 26-27.

***Please join us for a special Vestry hosted Parish Dinner and Program***

***on Friday, September 30 at 5:30 P.M. – Parish Hall***

*(Please call the office or sign-up in church with your reservation)*

**Looking for ways to become more involved and opportunities to serve?** Throughout October we will host the annual ***Ministry Fair*** in the main church. Each Sunday will promote one of the five areas of our ministries: Worship, Fellowship, Discipleship, Ministry and Mission, presenting the various programs for which time and talent are needed.

In Christ,

Father William+

The Rev. Dr. William L. Stomski, Rector
